Updates

- ✓ Food Security Sector is coordinating Monsoon/ Cyclone Emergency Contingency Preparedness and Response Planning and tracking of food stocks and disaster risk reduction activities at Distribution Points and wet kitchens for emergency hot meals;
- ✓ Energy and Environment Technical Working Group is coordinating a LPG programme with several benefits for refugees and host communities: forestry and environmental protection; energy efficient solutions for cooking capacity (more cooking gas and less firewood); and protection and social cohesion dimensions (safety of young male and female refugees collecting firewood and reduction of tensions between refugees and host communities);
- ✓ Funding gap: only 9% of the total JRP is funded as per April 2018
